

Country Sales Stats

Country Information by Total Customers, Sales & Average Sales

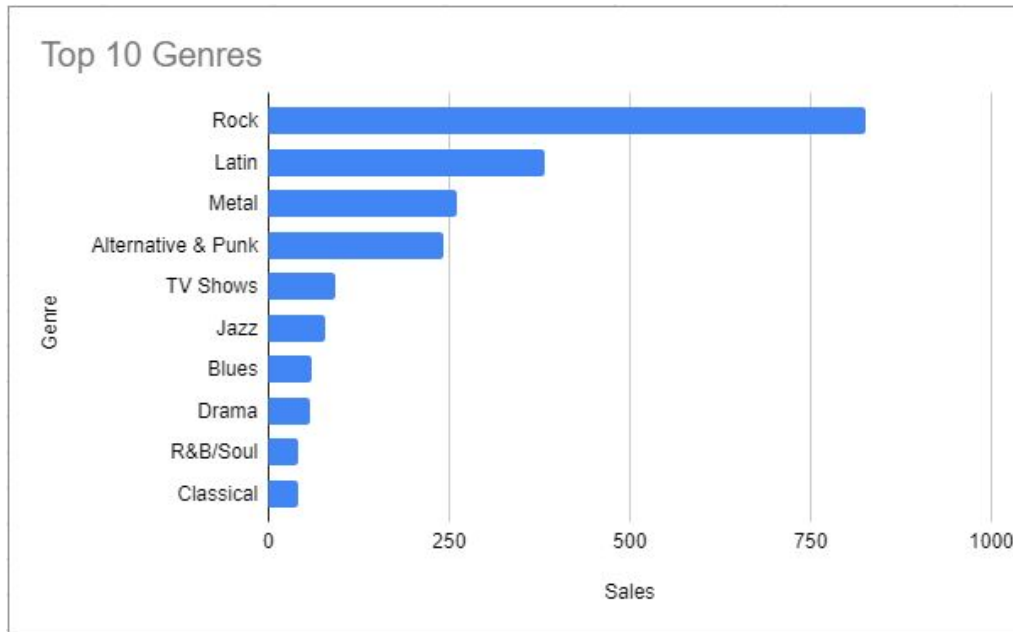

The US has the most customers and average sales out of all other countries.

Other contains countries that only has one customer.

If we were trying to find the most suitable place for a concert, it would be the US.

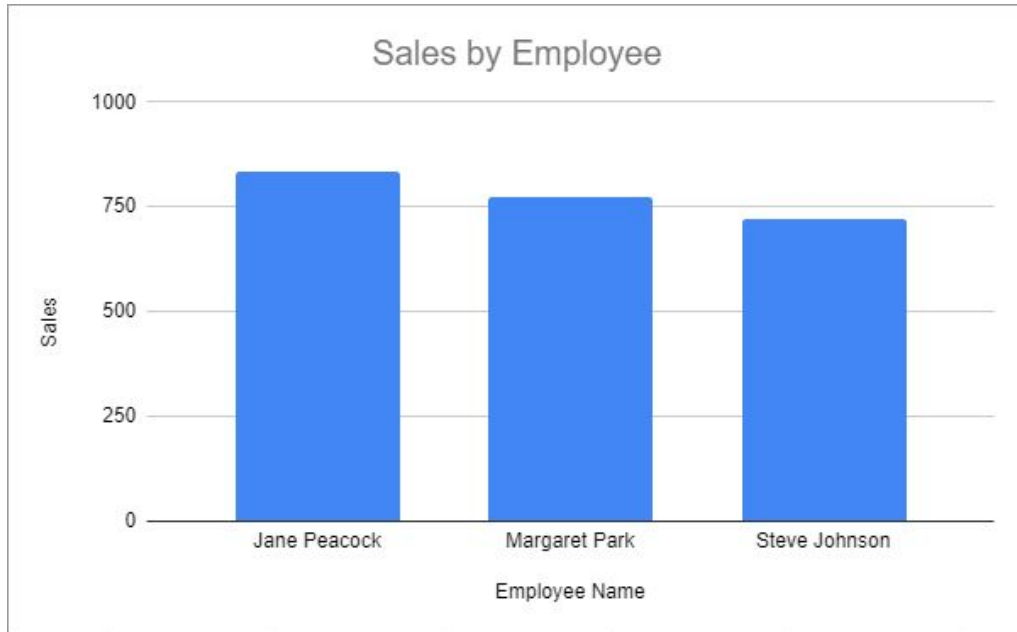

Top 10 Genres

We explore the Top 10 Genres in terms of sales in our store.

Rock comes in at number one, followed by Latin and Metal and so on..

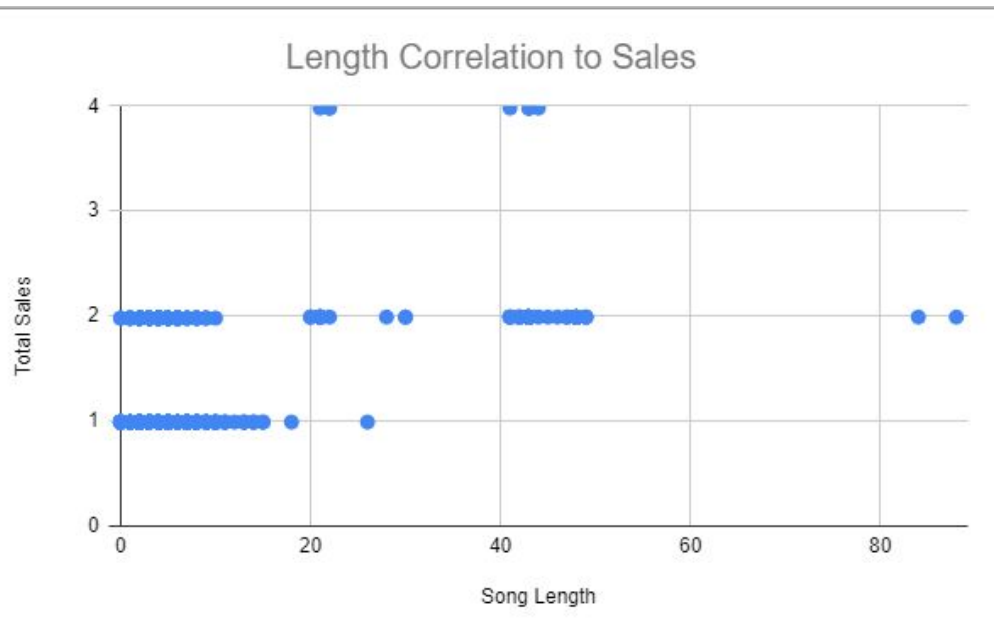

Employee Performance

We want to see our top performing sales employees.

We can see that Jane Peacock is our top achiever, followed by the rest of the employees.

Song Length Correlation to Sales

We wanted to see if there's a correlation between the length of a song and its sales. This scatterplot shows that there is very little correlation between the two.
